

# Aluminium 3-Way Combination Ladders

## L3W Series

Achieve ultimate versatility and safety with the L3W Aluminium 3-Way Combination Ladder, designed for professionals who need a reliable, multi-functional ladder that adapts to various tasks and environments.

### Key Benefits

- **Multifunction Ladder:** Functions as a step ladder, extension ladder, and can be safely used on stairs.
- **Enhanced Durability:** Built with improved box section stiles and comfortable D-Shaped rungs, using top-quality aluminium.
- **Increased Safety:** Features sturdy galvanised steel locking hooks and secure mechanisms for added safety.
- **Sustainable Design:** Rungs made from UK-sourced Recycled Low-Carbon Aluminium 4.0.
- **Stability Assured:** High-quality stabiliser bar with a larger footprint minimises the risk of sideways slips.
- **Maximum Load Capacity:** 150kg - Ideal for demanding professional tasks.
